

GEMINI 1S RECEIVER

- Unique safety system performance level C
- Powerful range in combination with very compact hand transmitter
- Extremely suitable for mobile applications
- Easy to integrate into new and existing emergency stop circuits

TECHNICAL SPECIFICATIONS

Max. current load	Max 4A per relay
Max. switching voltage	max 230V AC or 50V DC
Power supply	10-30V DC or 230V AC
Degree of protection	IP65
Certification	CE, RED, EMC, LVD, Plc
Digital outputs	2
Digital inputs	-
Analog outputs	-
Analog inputs	-
Bus networks	-
Communication mode	Simplex
Frequency	868 MHz
Modulation	Narrow band
Dimensions excl. antenna	160 x 150 x 60 mm
Antenna type	SMA
Weight	508 gram
Temperature range	-40°C / +85°C
Reaction time	0.5 / 1.0 / 1.5 / 2.0 sec
